# FOREWORD....

In editing the annual this year we have fallen back on the bride's stand-by: "Something old, something new, something borrowed and something blue."

For something old, we retained the senior section. For something new, we added the history of the year. For something borrowed, we adopted the idea of themelessness from countless college annuals of high rank. For something blue, we introduced our second color.

With all its imperfections we present to you, this, the twenty-first edition of the No-So-We-Ea, hoping that you will enjoy it as much as we have enjoyed compiling it.

To the Seniors, we hope that you will like it well enough to keep it. To the Juniors and to the Sophomores, we hope that you may excel it and bring further glory to our St. Petersburg Senior High School.

Best Wishes
to
Miss Adelia Dalton

PURPOSE

The graduating class of 1940 will always have pleasant memories of its principal, Dr. Albert J. Geiger. He has ably guided us toward achieving higher education and ideals.

Since 1934, his will to serve the school has promoted its growth and advancement. We feel justly proud to call the man who has done such a "noble piece of work" our principal.

He has a B. S. degree from the University of Florida, an M. A. from that same University and a Ph. D. from Peabody College.

On Dr. Geiger hinges the success of our school.

# THE YEAR IN PICTURES

Someday some of us will gather together again and pull our pink wool shawls about our shoulders and stroke our beards and talk about that time when the senior class presented the current Broadway hit, "You Can't Take It With You", or when Elsie fell out of the annual room window, or when it got so cold the janitor actually turned the heat on. In anticipation of that time, we hereby present a pictorial record of the doings of ye students and studentesses.

# ORGANIZATIONS

# STUDENT GOVERNMENT

RAY MATTHEWS, *President*

The five years during which Student Government has existed in S. P. H. S. have proved that it is of great benefit to the student body as a whole. Under the leadership of the capable officers and with the never-tiring help of the advisers, Miss Mote and Mr. Earle, Student Government has done much towards bringing about better co-operation between students and teachers and towards improving the spirit of the students.

This year the monitor system was established. Students stationed in the halls during each period check all who pass to see that they are wearing corridor pass buttons. Unnecessary hall traffic and skipping of classes have been greatly reduced since the monitors have been on duty.

A Monitor Court, composed of Ray Matthews, Howard Warns, Billy Cramer, Sonny Scarbrough, Lefty Zoutes, Joel Grossman, Annis McLean and Barbara Beckhard, works in co-operation with the hall and library monitors. Students who are in the halls without permission and those who cause disturbances in the library are summoned to the Monitor Court and asked to help make the school a quieter place in which to study.

During the first few weeks of school, Student Government sponsored Sophomore Week with various functions to help the sophomores become better acquainted with each other and with the school.

Several school dances have been sponsored by Student Government. The October dance was held in honor of sophomores. In November, a dance honored the Devil football team and the visiting team from Morristown, Tennessee, while one during the Christmas holidays honored the All-Pinellas team and the All-Star team from Ohio. They sponsored the French Club Masquerade Ball in December and gave a St. Patrick's Day dance in March.

Student Government has been active throughout the year. Pins were sold during the football season, and elections for football sponsors for each home game were conducted. Student Government gave its support to the operetta, "The Mocking Bird," and to the Junior Carnival.

Plans are being made for a banquet this spring for members of the Student Council and permanent committees. A beach party for all monitors is also being planned.

Members of the Student Council attended the Student Government State Convention in Gainesville. They heard reports about the progress of Student Government in other schools and received new ideas for making the work more effective in S. P. H. S.

## STUDENT COUNCIL

*Members of the Student Council include, left to right:* Mr. Earle and Miss Mote, advisers; Pat Williams; Billy Cramer, junior class president; Claude Darling, president of Inter-Club Council; Ray Matthews; Sonny Scarbrough, sophomore class president; Peggy Baldwin; Ada Bryan, editor of the Palmetto and Pine; Cay Pomeroy, editor of the No-So-We-Ea; and Howard Warns, senior class president.

## STUDENT SENATE

The student senate is composed of one senator elected from each home room. These senators represent the student body in Student Government.

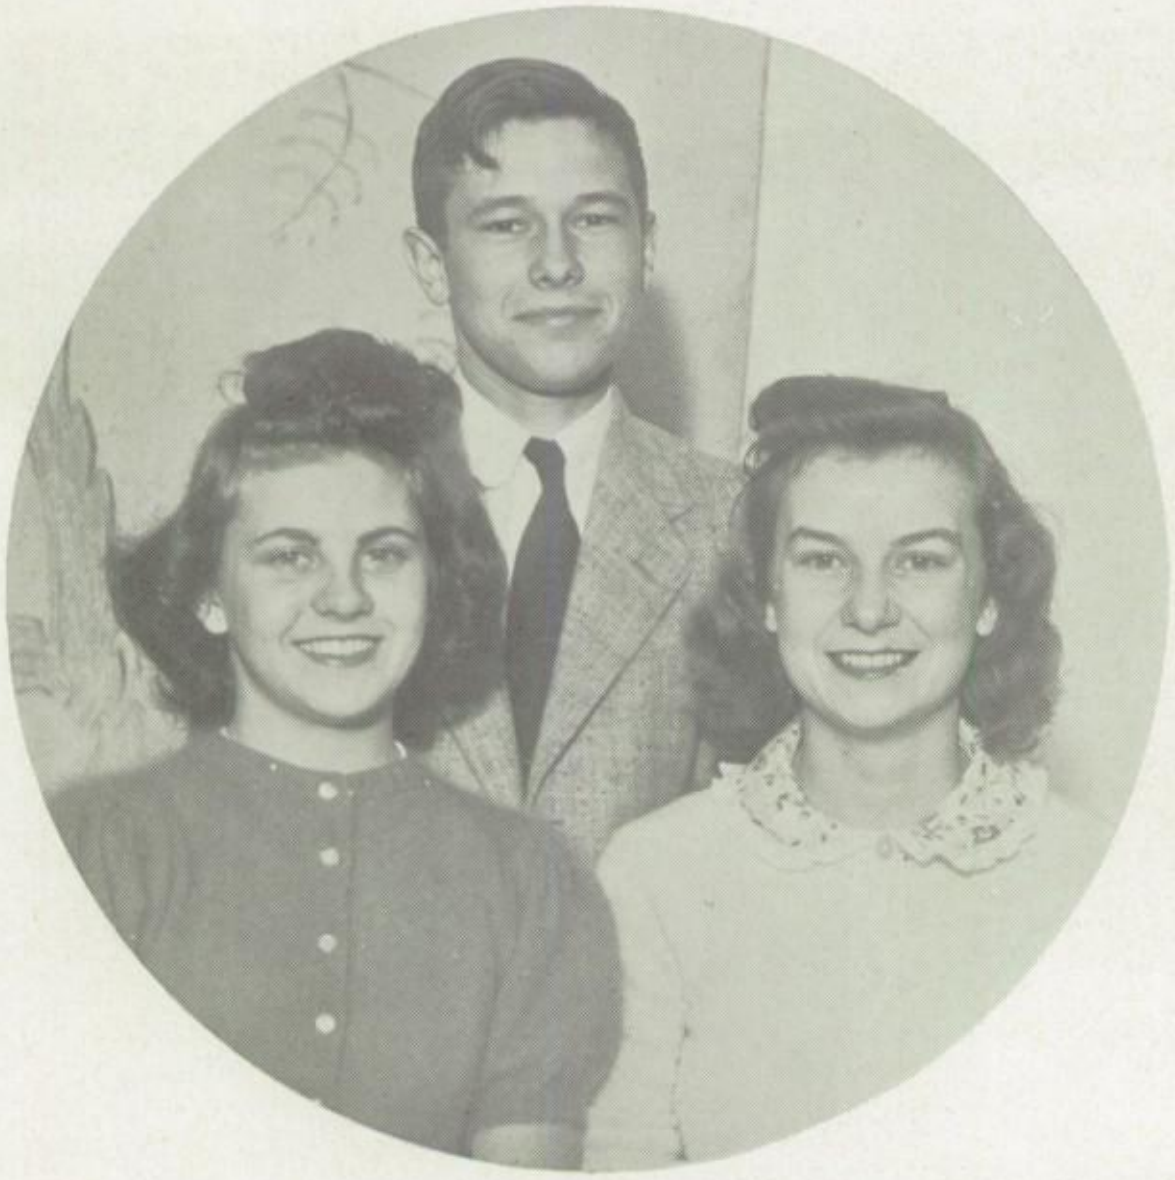
*The Clean-Up Court with its Advisers, Miss Mote and Mr. Earle.*

*A culprit cleans up the grounds.*

## CLEAN-UP COURT

This year the Clean-Up Court has done much towards reaching its goal and the goal of the entire school—clean, tidy school grounds. Meeting each week, the Court calls in those who have been reported as throwing trash. If the student is guilty, he is assigned to clean up a section of the school grounds for a week. The students have become more conscious of the appearances of the grounds and are co-operating in keeping them clean.

## MONITORS



## COMMITTEE CHAIRMEN

The permanent committees of Student Government have done much towards making the organization practical and workable among the students. Marion Rogers, chapel program chairman, Frances Strickland, social committe chairman; John Kain, publicity committee chairman; and Jack Coit, points system committee (not present for picture) have worked faithfully in their respective committees.

★

★

## INTER-CLUB COUNCIL

The Inter-Club Council, composed of one member from each club, regulates the number of club meetings and checks the dates so that each club has a regular time for meeting. Since the Council has been functioning, all clubs have cooperated, and, as a result, conflicts between them have been eliminated almost entirely.

*Publicity Committee*

*Points System*

## PERMANENT COMMITTEES

These committees do much to help make school life enjoyable as well as profitable. The Social Committee plans social functions in which all students can participate. The Publicity Committee advertises all Student Government projects. The Chapel Committee has charge of the programs for each week's chapel. The Point System Committee, working with the Inter-Club Council, regulates the number of activities in which each student may take part.

# PALMETTO & PINE

One Wednesday afternoon when all the outside world was at peace we absent-mindedly wandered into a hectic P. & P. room just going to press. Comparable only to a Brooklyn subway at five or the Christmas Eve shopping rush, we soon discovered our error of entering the inner sanctums of the Fourth Estate. Baleful looks were showered upon us and copy was frantically hidden, but we soon knew all of the bitter truths of literary life.

Ada "Know-any-news" Bryan drawled in our direction, "Say, what can I write an editorial about this week?" Marian Reed dashed in, hastily switched on the lights, reproached us for letting the poor little dears strain their already over-worked orbs, and resumed her copy-reading. Betty "Hon" Dean sauntered up and accused us of knowing some hash which we, stingy old things that we are, weren't willing to share with the big, beautiful public for the better-

ment of mankind. Yoo-hooing for Beekman Cottrell, her co-feature editor, she set to work to beg, with us to elucidate on the doings of the stoogents.

Margaret Lott, wandering up in an ornithological mood, prayed for us to tell her what a stork looked like so she could get her redi-mat drawn up. Jean

Elliott worked over in one corner ever so industriously, pouring over papers from other schools and Collins' love-letters. Ed Collins worked even as industriously in another corner, thinking up jokes and letters to write to Jean. Ah, Love! Ah, Spring! Aw, Heck!

Ruth "Sleepwalker" Shields straggled around in her own inimitable manner—but we knew her copy would be ready eventually.

Bill Brinson ignored us completely as he propped his feet up on a desk and thought up misleading heads to disguise stories for the gullible public. John Kain, the bright thing, had already gotten his ads sold and collected. Deborah Stansbury was over in the bookstore right then but on Friday morning we bet you'll see her checking up on the errant papers and getting them circulated.

Jack Peel accused us of understanding his cartoons but we pled not-guilty and he consented to forgive us. Norma Barnes popped up and waved a finger under our nose, demanding to know what suspicious business was going on in our home room during institutional period. She backed off, then sprang like a startled doe and wanted to know this time what we would say as a testimonial for the next Hall of Fame. Gene Williams, his grin wide open winked at us knowingly and yelled in a stage-whisper that his sport section was already at the printers. As the typists went on about their work Dick "Shutter-bug" Davies towered in and coyly measured from hyar to some brilliant senior's nose to record on celluloid another illustrious Hall of Famer.

"Little Audrey" Gosselin and Norma Jean Bryant were making their way up in the world (they're only lowly juniors) by being very efficient ad managers.

Someone headed for the cafeteria, and Mrs. Beswick looked up from the copy sheets, saying "I want a choc-full-of-almond bar."

Miss Parker beguilingly asked us to write some limericks for the literary section, then slyly told us the cutest joke! Ralph Nash wrapping himself around a pencil and staring at us, found inspiration to write about Gargantua the Great. Chet Bosworth looked at us with a melancholy air, broke into song, and then jotted down an idea for a new story.

A mob of reporters came pouring in, not the least bit abashed by us although we were rather mashed by them. With all their youthful exuberance, proud to be called such fine cubs, we didn't blame them a bit. For if it weren't for the circulation staff, piped up our inner conscience, where would the P. & P. be? (On the forty-sixth page of the No-So-We-Ea, screamed Yahuti.)

When you look into the innocent, happy faces on this page, you will marvel at the change which has taken place. The lines and worried looks which now appear on the same faces were caused by weeks of hustle and bustle in the annual room after these pictures had been taken.

You would understand this strange phenomenon if you had seen Cay "I'm-Only-The-Editor" Pomeroy looking with horror at the long list of pictures and write-ups still due and estimating what time next July the book would be ready . . . "Right-Hand-Woman" Gregory hurrying down to the engravers in Matthews' shiny station wagon with layout after layout . . . Our Adviser "Must-We-Pay-That-Much" Pugh hunting for Dick Davies to show him a bill for supplies and asking if he couldn't have found a sale . . . Miss Thomas with a slight trace of doubt in her voice urging us to put out the best book ever . . . Dick wondering how he can keep up the good work of taking pictures and being second assistant editor with so much to do . . . Coit, with his work colossally done, sitting at the typewriter dashing off some of his famous ditties . . . Covert wondering if she might not have another page for her girls' sport section, seeing that Coit appropriated so many for the boys . . . Pipgras and Connell wondering how a Junior College student got in their senior sections . . . Thorne worrying about whose hands would look positively lovely holding a corsage . . . Marion Rogers and Carole Mason trying to herd people together to get the club pictures taken, and Marion expecting her breakdown to catch up with her any time . . .

Margaret Peterson trying to find out what little phrase would suit "Whosy Whatsit" best . . . Eleanor Garton wondering why people didn't write down their activities for her . . . Spencer pulling the student government divisions together . . . typists Betty Barefield and Connie Whitaker wondering when someone was going to turn over something for them to type and then all at once having everyone land on them . . . Strickland and Bill counting money and checking on who paid what and when . . . Juliet "No-Ads-No-Annual" Mastry hounding the downtown shops for support. # BAND DEPARTMENT

The band department under the capable direction of Major Allen Moses, has made marked progress in its third year as a definite part of the high school curriculum. For the first time in the history of S. P. H. S. the band in its green and white uniforms drilled at all the home games and at Tampa. It also took part in the Festival of States, the Gasparilla Parade, the Largo Fair and many other local activities.

An outstanding feature of the band this year was the battery of baton twirlers who marched in front of the band. They are: Emogene Wright, Fern Remington, Betty Brice, Wilma Watson, Virginia Simpson and Georgia Micklas. The Drum Major was Charles Dow.

Band members include: Virginia Blackburn, William Ragsdale, Bernard Bell, Bill Russ, Elroy Kiltner, Howard Webber, Harry Cox, Herbert Eggar, Robert Pennock, Bill Brinson, Sidney Minor, Richard Townsend, Elsie Kelleher, Margaret Grinaker, Jean Noel, J. C. # MUSIC DEPARTMENT

◆

In 1939-40 "Auntie" Miller guided our music department to bigger and better achievements. On November 2 and 3, members of the orchestra attended the Tampa All-State Orchestra Clinic. On November 24 and 25, sixteen students went to the All-State Vocal Clinic at Stetson. Mixed glee and boys' glee were under the direction of Professor Harold Giffin, and Auntie Miller directed the girls' glee clubs.

On March 28-30, forty-two students went to an Inter-scholastic Music Contest at Rollins. Their work there was under the direction of Mr. W. P. Twadell and Dr. Joseph Maddy. "Auntie" was again chosen by the other directors to take charge of the girls' glee club. A massed concert was given before the F. E. A. Convention guests. St. Petersburg sent Beverly Backus, Anne King and Wanda Nave, who competed against soloists from all over the state. Wanda Nave received second place and Beverly Backus received honorable mention.

On April 11, 12 and 13 the various glee clubs and eleven soloists took part in the state music festival in Tampa. All glee clubs brought back a superior rating. They were judged by selected judges including Olaf Christiansen of Oberlin, Professor Wiltsee of Tampa University and Professor Giffin of Stetson University. The following week the orchestra and glee clubs gave a successful concert at Williams Park and at the Fine Arts Club.

The orchestra played at the senior play and for various chapel programs. Both the glee clubs and orchestra took part in the closing commencement exercises.

# DIVERSIFIED CO-OPERATIVE TRAINING

This year the high school has a new department which promises to be of great help in placing students in their life-work according to their "job-abilities". This nuclear organization, officially the Diversified Co-operative Training course, is under the able consul of Mr. Vernon Steen. He places the students, meets with the employers to discuss any problems on which to advise students, and talks over with the students these problems and the ways they can best cope with them. The students taking this course gain their scholastic training in the morning and their occupational training in the afternoon. There are over fifteen students now taking the course and they range in their apprenticeships from an ambulance driver to a printer's devil.

# LIBRARY

Equipped with over eight thousand books, sixty-four current magazines, and a complete filing system, the library makes available to students of S. P. H. S. information needed in every phase of high school research.

The library, with the addition of seven hundred books and an expenditure of twelve hundred dollars this year, has more than ever become a mecca for those students seeking information or relaxation in lighter reading.

In the recently installed museum case informative exhibits of stamps, historic dolls, paintings, crafts and the progress of a book from manuscript to press, were shown.

The library is ably managed by Mrs. Leafy Boatman and her new assistant, Miss Alice Wenz. They are aided by numerous students who serve as door-keepers, monitors, typists, and book-binders. Also assisting the librarian is the faculty library committee composed of Mrs. Jessimae Dabney as chairman, Mrs. Beulah Abbott, Miss Anna Appleby, Miss Annie Brackett, Miss Lida Tulane, Miss Alice Wenz and Mrs. Leafy Boatman as adviser.

# 1940 FOOTBALL SEASON

The 1940 edition of the St. Petersburg High School Green Devils faced the toughest schedule in our grid history with a twelve game schedule. With few reserves and not a breather on the year's slate, the team was a question mark in

GIRARD, SLICKER, BRACKEN, WARING, McGEE, PETTY, MATTHEWS, COY, COLE, STEELE, R. TURNER

the minds of its fans. Coach Lockett was also faced with the problem of "staggering" his squad, for Big Ten Conference rules forbid a player to participate in more than ten games.

The Green Devils opened their season by defeating a fighting Largo eleven, 14-0. With an inexperienced team playing the entire game except for several substitutions, both squads played well.

The next game found the Satans journeying to West Palm Beach. Playing inspired football, the team clicked on every play. Pete McGee and Harold Cole led their team to a 26-0 victory.

The next game found the Devils playing steady football to outscore a hard-fighting Plant City eleven, 13-0.

Plant High, fourth Devil foe, came to town boasting a strong aerial attack but the Green and White boys kept it bottled up during the entire game. For the first time during the season the St. Pete goal line was crossed, but this made little difference as the final gun showed an 18-6 score in favor of St. Pete.

The fifth game of the year was with the Devils' so-called jinx. For three straight years the Orlando eleven had beaten the S. P. H. S-ians, but this time the tables were destined to be turned, for the Devils showed themselves to be a threat in the air as well as on the ground. Both their winning touchdowns were the result of passes. Orlando failed to score and the jinx was broken, 13-0.

In Lakeland the Devils ran up against a Dreadnaught team fighting for an upset. The whole game kept the fans on the edge of their seats, and it was not until the last three minutes of the game that the Satans made the touchdown that won the game, 18-14.

Miami Edison returned to the schedule after a year's absence, and the Devils found the "Raiders" with too much power and reserve strength. Fail-

◆

*Sparks Gets Away*

ure to convert the points after touchdowns cost the Green and White boys their first defeat of the year, 13-12.

Journeying to Jacksonville to face their old coach, George Trogden, the Devils found his Landon Tigers the best team they faced all year. Perfect blocking helped the Tigers roll up a 29-14 win against the Lockett charges.

An underrated Jackson eleven came to St. Pete and, playing a badly crippled Devil team, managed to win 12-7.

Injuries had taken a heavy toll on the team at this stage of the season and in Tampa the local gridders failed to click and were defeated by all-state Guy Tompkins and the rest of the Hillsborough Terriers, 12-7.

Playing their only intersectional game of the year the Devils faced Morristown, Tennessee, the week before their annual encounter with Clearwater. With 6 regulars on the bench because of their "staggering" problem the local boys stopped a four game losing streak by playing a superior brand of football. Final score, 7-6, St. Pete.

The last game of the season was the annual St. Pete-Clearwater fray. This was the thirteenth year the two schools have met, each winning six previous games. The Clearwater boys were out to avenge last year's 6-0 defeat taken from the Devils and they did avenge it with Johnny Roundtree running 73 yards on an intercepted pass. The game proved to be by far and away the best game seen on Stewart Field all season.

The end of the season found the team with 7 wins and 5 defeats. Many teams will come and go, but a harder fighting group of fellows will never attend S. P. H. S.

As usual the team was honored at the end of the season at its annual banquet. One of their number, Doug Chambers, was chosen captain for the coming year by his fellow players.

# COACHING STAFF

Bob Lockett, completing his second year at S. P. H. S. as director of athletics and head football coach, came to us last year from Leesburg High School. In his first year here as coach he produced one of the best football teams seen here in a decade. Coach Lockett attended Vanderbilt University, the University of Florida, Stetson, and the University of Wisconsin before beginning his coaching career. He brought recognition to himself and S. P. H. S. this year when he was elected by his fellow coaches as President of the Florida Athletic Coaches Association.

This year completes Coach Dick Jones' fourth year on the S. P. H. S. coaching staff. Mr. Jones came here from Geneva College as assistant coach to Gordon Benn. This year Coach Jones was appointed head basketball coach of the high school. Mr. Jones himself is an excellent basketball player and, as a member of this year's A. A. U. Florida State Championship team, he was selected as the best all-round and most outstanding player in the tournament.

St. Petersburg High School can well be proud of Frank Philpott, its head track coach. Rated as one of the best high school track coaches in the country, he has produced a state track championship team and a runner-up for St. Pete during the last two years. After getting a Master's Degree in Physical Education from Columbia University, Mr. Philpott coached several large high schools in Florida, and in 1935, he coached a national track and field championship team in Smyrna, Turkey. He came to us from Oglethorpe University last year.

# TRACK

★

For the second straight year the St. Petersburg High School track team proved to be one of the best in the state.

The Devils opened their season this year by defeating Hillsborough 107-26 in a lopsided meet.

Next victim was Plant High who fell 87-26.

Lee of Jacksonville was the third straight team to fall before the powerful Devil team, that score being 60-40.

Two relay teams, the mile and the half mile were sent to Gainesville to participate in the Florida Relays and their half mile team composed of Warns, Bishop, Hudson and Moses, finished first and the mile relay team consisting of Mann, Morris, Mortin and Bunting finished a close second to Miami High.

In the Annual West Coast meet the Devils and Miami High battled it out, the out-come of the meet resting on the last relay race. The Devils won this race and the meet, the score being 58½-57.

THE SQUAD

The following Saturday the team journeyed to Tampa and they retained their state A. A. U. Crown.

Thursday, May 2 the team left for Miami to defend its state high school interscholastic Track and Field Championship title. As in the West Coast meet two weeks previous, the meet was fought out between Miami and St. Pete.

The Devils qualified only 15 men as compared to Miami's 25 for the finals and this difference in men gave Miami a 42½-36 victory which lifted the state cinder crown from St. Petersburg. Bud Palmer's first place in javelin, Howard Warns' in broad jump and Arrington Buntings' 440 first place were the only first places St. Pete managed to take individually though the sprint medley team won their race. Lloyd Mann, state mile and half-mile champion, surrendered both his titles to Bud Fair of F. M. A.

There were many newcomers out for track this year, but the two most outstanding ones were Bob Turner and Tommy Hudson. Turner developed into one of the best hurdlers in the state and Hudson's speed in the 100 and 220 was hard to match. Both boys will return next year. Howard Warns, Lloyd Mann, George Morton and Dick Winter were this year's mainstays, but every man on the squad deserves credit, for without their team spirit and strict training, the Devils would have been just another track team in the state meet instead of runners-up.

To Frank Philpott, Devil Track Coach goes a world of credit for molding another excellent team even though he was greatly handicapped at the beginning of the year by losses owing to graduation.

The meets held here this year were at the St. Paul track, but next year promises to see the completion here at high school of one of the best tracks in the south.

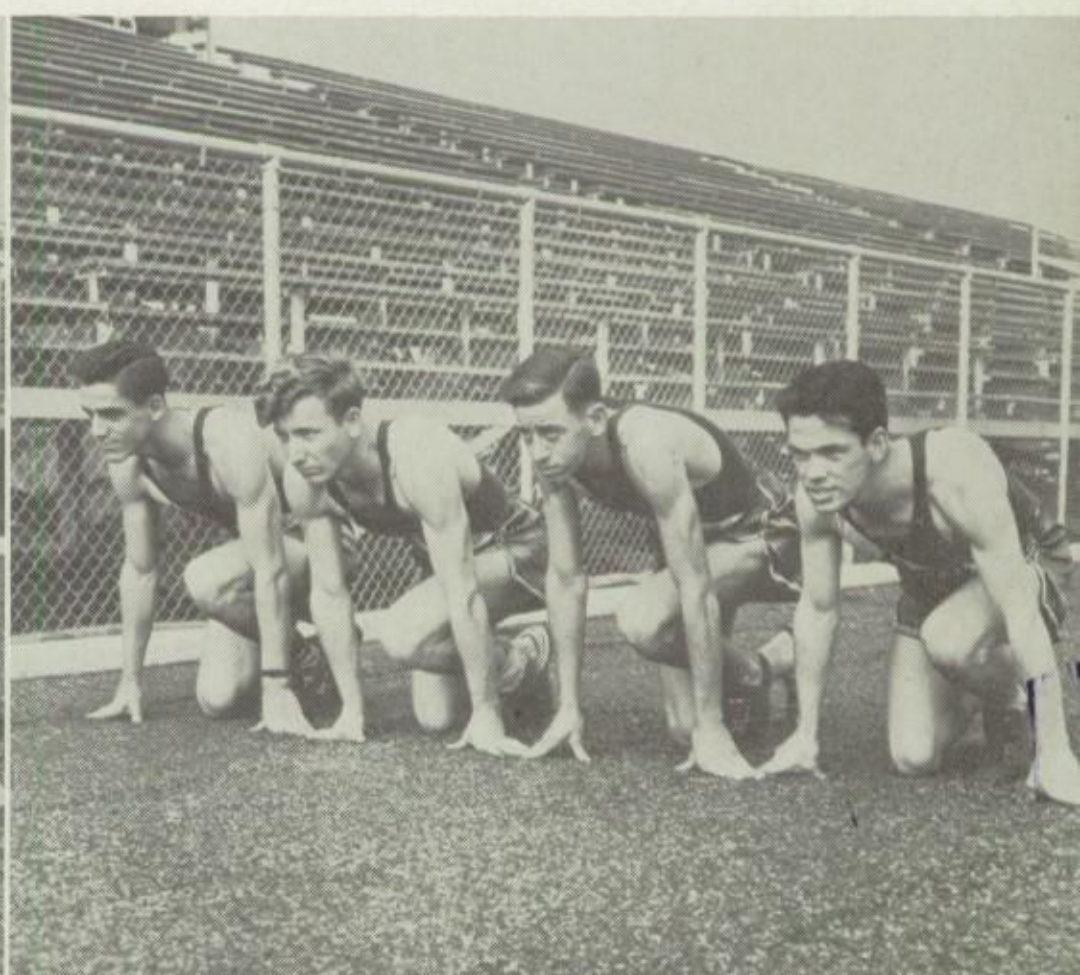
*Half-mile Relay Team*



# SWIMMING

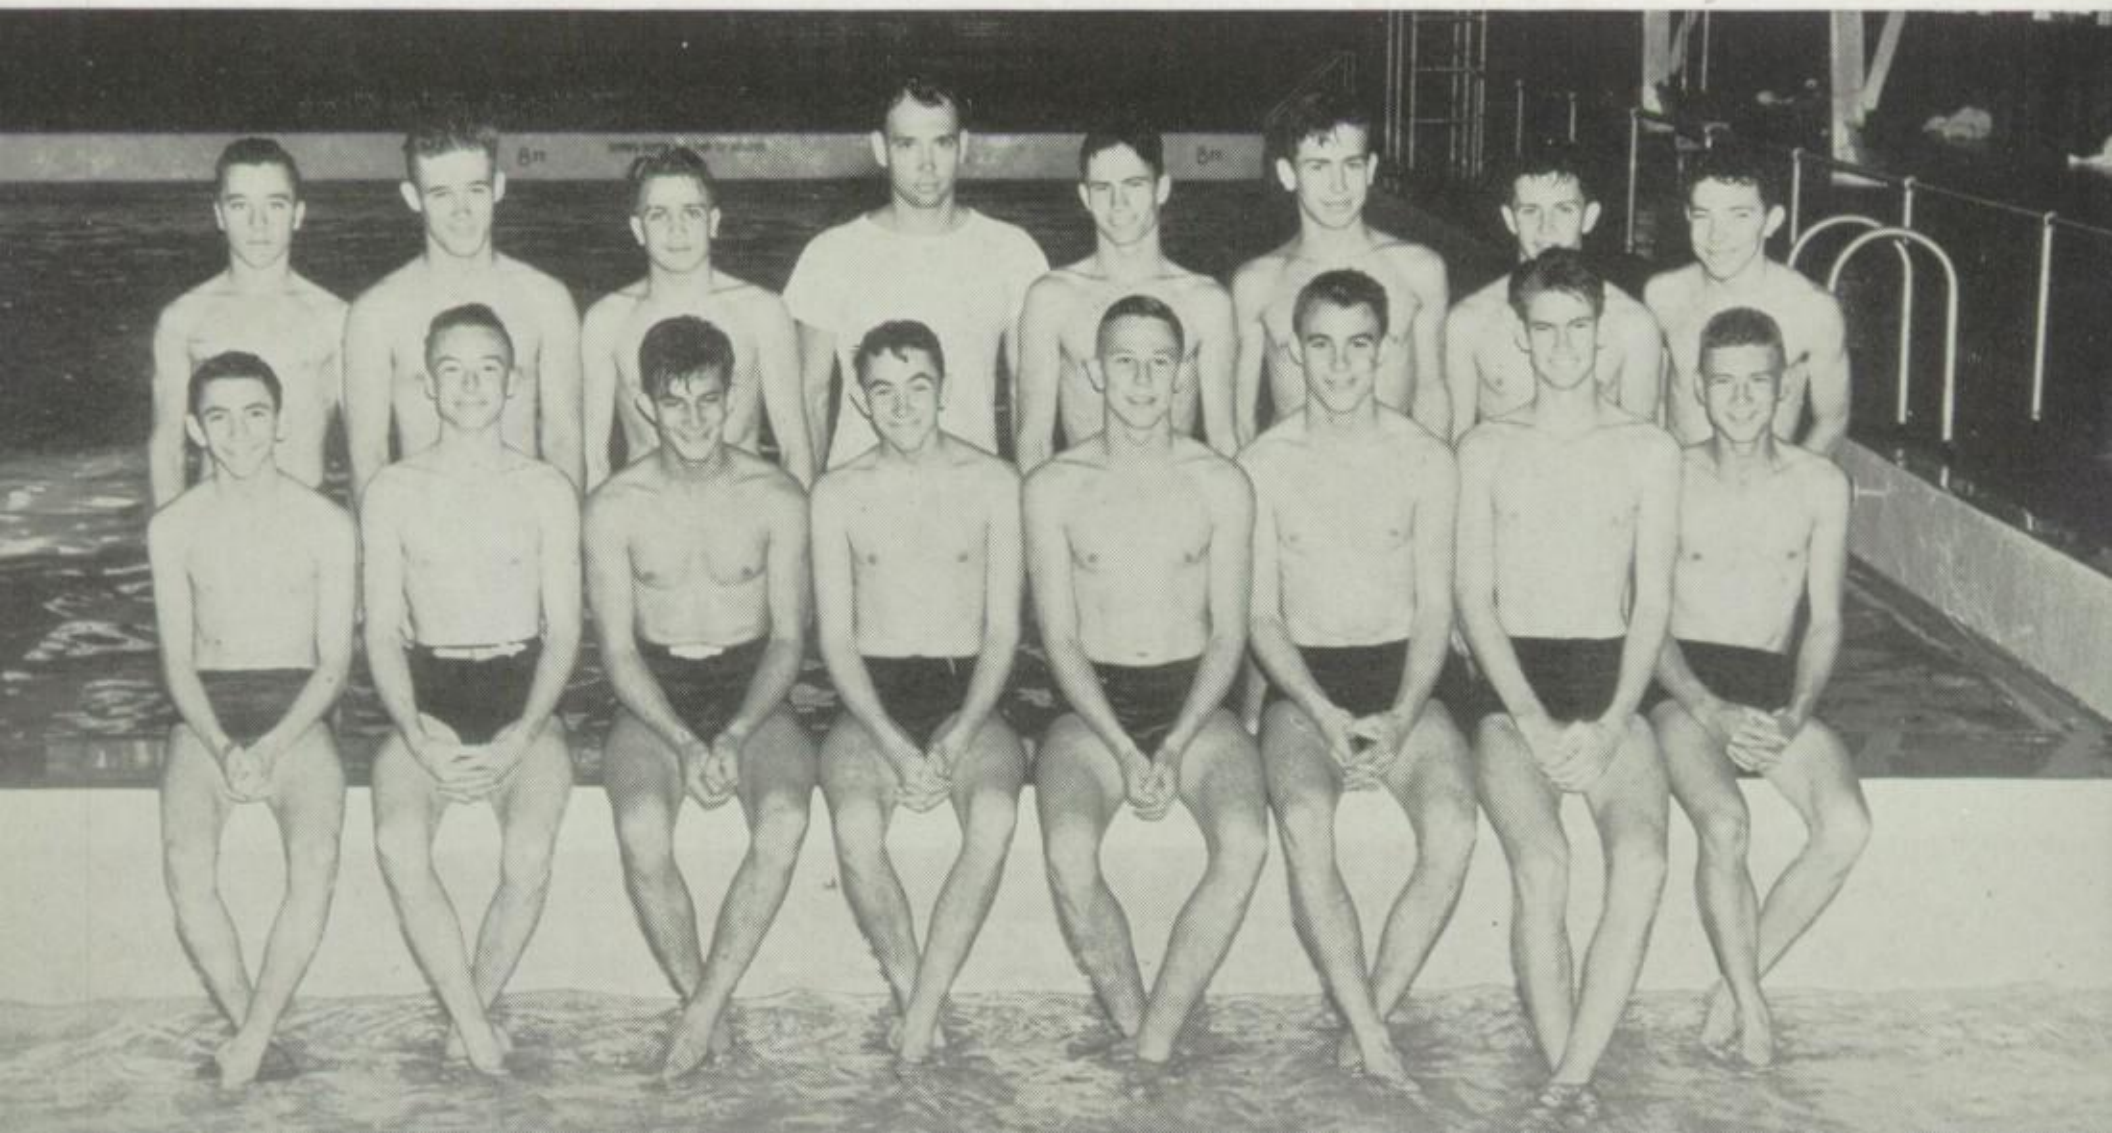
In the annual inter-class swimming meet, which opens the season every year, the Junior Class was victorious by over 20 points.

In their first dual meet the Devil splashers defeated Orlando, 45-30, and after a month and a half of practice Lee fell victim to St. Pete, 48-27. These two meets served as warm-ups for the state meet, which was moved here from Winter Park for the first time. Eleven teams entered from all over the state. For the first time A. A. U. rules governed the meet.

On Saturday, April 27, the Devils brought glory to school and city when they won the state meet for the first time in eleven years. Lee was second. Though the team gained no first places except in one relay race, the Devils showed themselves to be a well-balanced team which gained all its points from seconds, thirds and fourths.

Coach Fred Walton deserves much credit for taking an inexperienced team and molding it into one of championship caliber in his first year at S. P. H. S.

*Front row, left to right:* Abrams, Watson, Holland, Barger, Nowling, Biel, Covert, Peterson.
*Back row, left to right:* Bracken, Welch, Bamond, Coach Walton, Williams, Sibley, Weaver, Mills.



# BOXING

Boxing made its debut at S. P. H. S. this year when twenty-five boys practiced daily. These boys, coached by Jack Puryear of the City Recreation Bureau, had scheduled fights every Wednesday night at the American Legion Armory, the receipts being used to defray expenses. Their opponents were boxers from F. M. A. and St. Paul. The boys on the team used their own funds for expenses and equipment.

The State High School Boxing Tournament was held in St. Pete this year, but the high school team failed to place a single man in the finals. Next year should see the team gain valuable experience, and in several years boxing should become a major sport.

Coach Jack Puryear gave willingly of his time.

# GOLF

★

This year's golf team was captained by Leighton Thomas and the rest of the squad was composed of Ray Sirmons, Hank Parks, Paul Cummings, and alternate Art Thomas. Thirty aspirants turned in qualifying scores, the five above turning in the best. The team held practices two and three times a week in order to keep their games in shape for the state meet. The team was unable to secure matches with other schools and so faced the state meet on April 19 in Orlando, with little experience. The meet was held in a downpour, and all our boys were defeated. Captain Thomas lost his first round match, one up, to the boy who went on to win the state title.

Paul Cummings, Hank Parks, and Art Thomas are next year's mainstays. The boy who turns in the lowest qualifying score will be selected as captain next year.

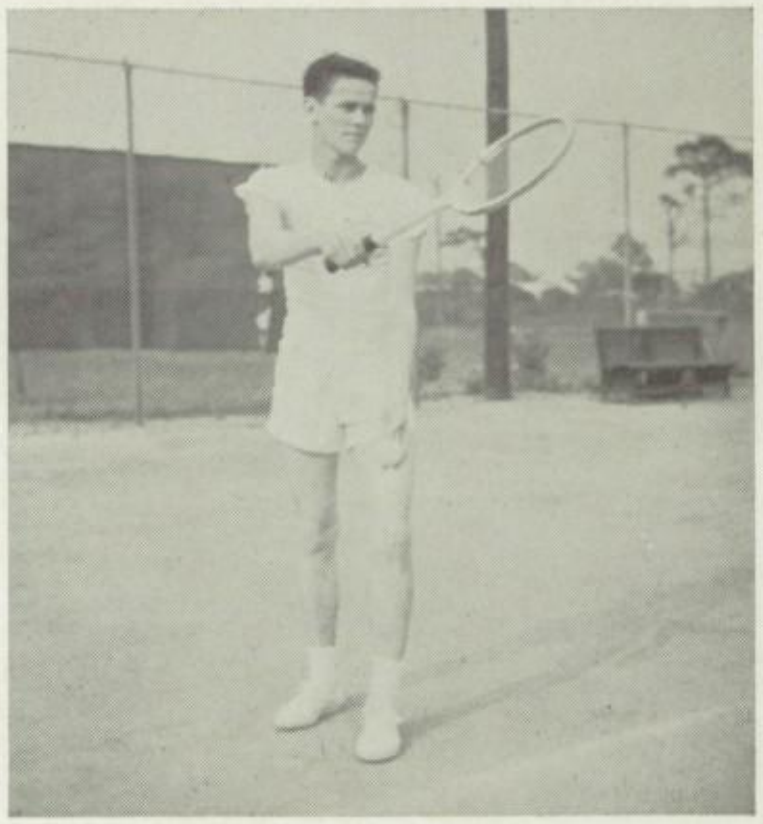
# TENNIS

★



Bob Bushman, *Captain*

The tennis team opened the season here by defeating Plant High School in both the doubles and singles without the loss of a set. All six matches had the same results. Final score: St. Pete—6, Plant—0. The following Saturday in a return match in Tampa they were again overwhelmingly victorious, winning all six matches without the loss of a game. Returning to St. Petersburg, all six boys were injured in an accident. The following Wednesday Bob Bushman was the only player able to participate in the State Meet in Orlando. He was defeated 6-4, 11-9 in a hard fought match. Captain this year was Bob Bushman. The rest of the squad was composed of Hight DeLoach, Ivy Wilson, Bob Seigel, Ted Peterson, and Bill Wansker. Team members used their own funds to defray expenses.

The Girls "S" Club was formed this year by girls who had earned letters through participating in varsity or intra-mural sports. The sports represented this year were volleyball, basketball, swimming, tennis, archery, badminton, and minor sports. After each sports season, girls who had earned letters were initiated into the club and presented with letters. Meetings were held twice a month to carry on the business of the club and to sustain the girls' interest in all sports.

# SWIMMING TEAM

MANAGER SHIELDS

Under a new coach, Fred Walton, the swimming team was victorious over Orlando in two dual meets this year. They placed third in the State High School Swimming meet and entered the Junior A. A. U. meet.

Joyce Covert was chosen as captain and Ruth Shields as manager. Those on the team were Helen Wuertz, Mary Martha Mills, Lila Buck, Peggy Limroth, Ruth Shields, Marjorie Danker and Joyce Covert.

# TENNIS TEAM

CAPTAIN STAHLSCHMIDT

MANAGER FISHER

This year the tennis team entered several out-of-town tournaments, competed in the city tournament for the Whitemen Cup Squad sponsored by the United States Lawn Tennis Association, and participated in the State High School Tennis Tournament.

The team was composed of Marguerite Stahlschmidt, Gladys Fisher, Anna Giese and Doris Kithcart. Marguerite Stahlschmidt was elected captain and Gladys Fisher manager.

# BASKETBALL TEAM

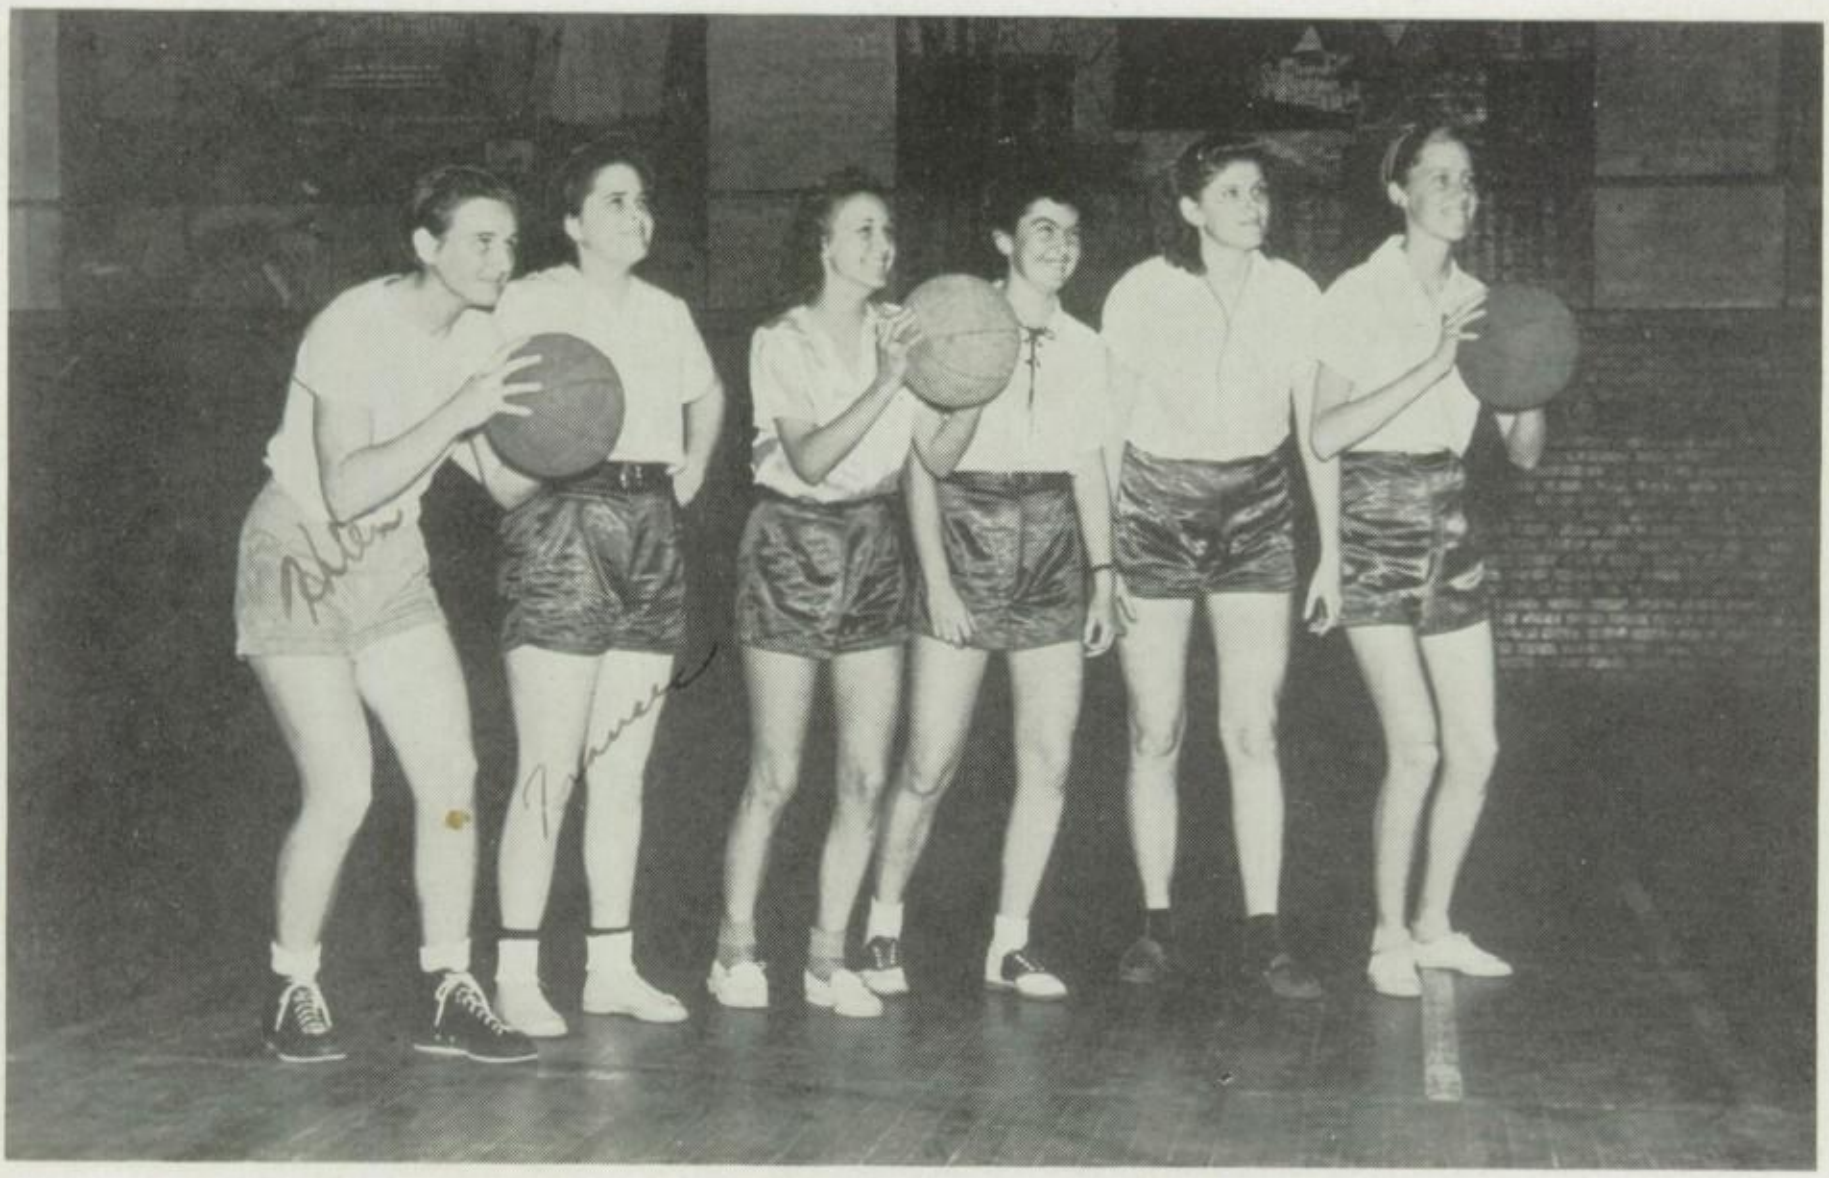
Captain Wuertz

Manager Davidson

This season the basketball team entered all city tournaments and met Clearwater and Largo in the county tournaments.

Both team and individuals were outstanding in the State Tournament held in Orlando. Helen Wuertz was chosen for the second All-State Team. Gladys Fisher received the medal awarded annually for sportsmanship.

Helen Wuertz was chosen captain and Betty Davidson manager. Members of the team were: Willette Pope, Betty Mills, Alice Phillips, Gladys Fisher, Frances McAffrey and Helen Wuertz.



# ARCHERY TEAM

Captain Watts

Manager Knarr

Archery was introduced into the high school curriculum this year for the first time. It is now one of the most popular sports.

The team held both city-sponsored tournaments and tournaments with the Junior College at the Vinoy range.

Marion Watts was named captain and Harriet Knarr manager. Those on the team were Marion Watts, Harriet Knarr, Anna Giese and Emily Cobb.

SOLVING the problems of today develops the leaders of tomorrow. Therein lies a challenge to the 1940 graduates. The increasing complexities of modern business offer greater opportunities to the young men and women who fit themselves either through advanced education or entering the business world with a practical objective.

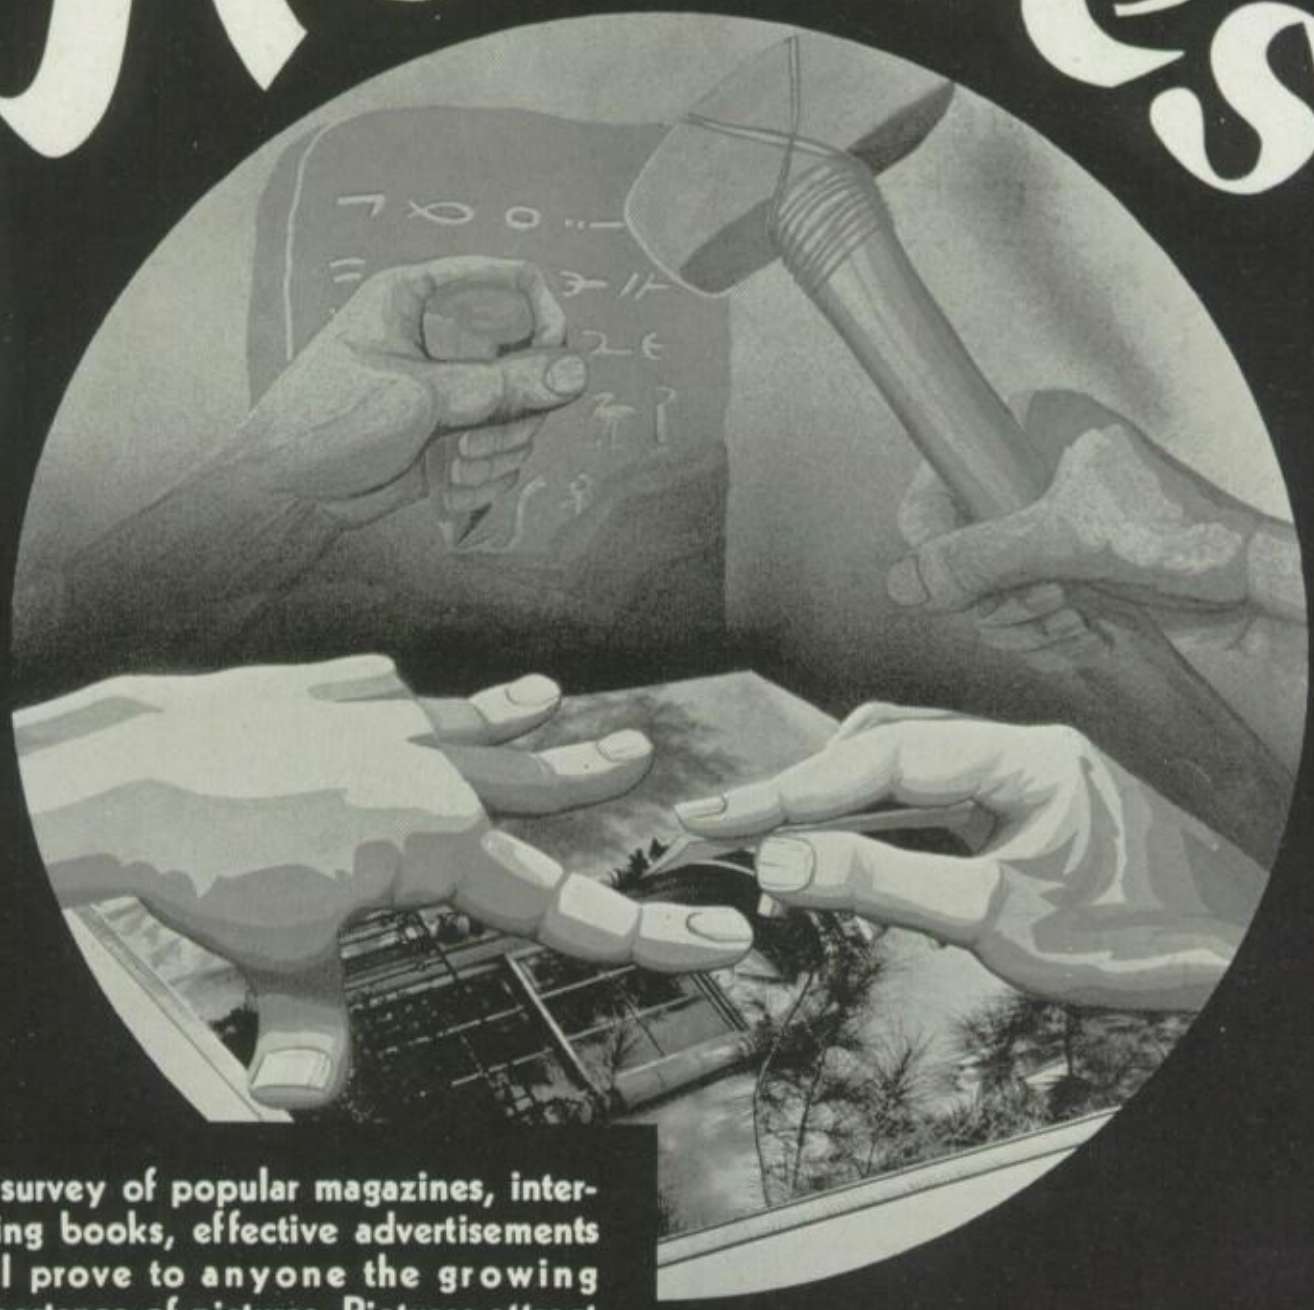
# Pictures



A survey of popular magazines, interesting books, effective advertisements will prove to anyone the growing importance of pictures. Pictures attract attention, create interest, build clearness, completeness and confidence. To have good pictures in printed matter, the first essential is good engraving.

## *Where Sunshine Brings Happiness*

Because of the constant sunshine, because of the delightful year-round climate, it is reasonably safe to boast that St. Petersburg enjoys more happiness per square foot than any other community. People come first to visit . . . . then decide that this is where they have always wanted to live. The St. Petersburg Chamber of Commerce is a service organization dedicated to helpfulness to visitors and residents alike.

# *In Appreciation*

★

*In compiling our idea of "something old, something new, something borrowed and something blue" we have needed more than ever this year the expert workmanship of professional craftsmen, thoroughly trained in every detail of yearbook construction. We are thus deeply indebted to:*

MRS. DALE BEATTY, our engraver.

MR. JOE LAROCCO, Mrs. Beatty's assistant.

MR. BEN GRANGER, our printer.

MISS BERTHA BLAIR, Mr. Granger's assistant.

MR. R. KENDALL WILLIAMS, who did all portrait work, some group pictures, and some of the views of the school.

MR. R. TODD DEAN, who furnished us the remainder of the group pictures.

MR. JAY MINNICH, who took all of the division pages, some of the views of the school, the aerial view on the fly-leaf, all of the popularity pictures, and all of the action sports pictures.

ALL STUDENTS who contributed snapshots.

THE MERCHANTS who made this book possible by advertising herein.
